

AGENDA
JUNE 3-6, 2013

Grand Hyatt
New York City

Jefferies 2013 Global Healthcare Conference

You are invited to attend the Jefferies 2013 Global Healthcare Conference taking place June 3-6 in New York City.

Following the success of last year's event, with over 300 presenting companies and 2,000 attendees, the conference will again feature an extensive range of public & private healthcare companies across the biopharmaceuticals, life sciences, healthcare services, healthcare IT and medical technology sectors. This global gathering of leading executives, institutional investors, private equity investors and VCs will address near- and long-term investment opportunities and discuss the mechanisms driving healthcare in the U.S. and internationally.

The four day conference will be comprised of company presentations, Q&A breakout sessions, keynotes and thematic panels. Company management teams and investors will also have the opportunity to participate in 1x1 and small group meetings.

We hope you can join us for what promises to be a unique and comprehensive view of the industry.

To register, please contact your Jefferies representative.

For general questions, please email healthcareconference@jefferies.com.
